

# SCA-VANSAFE

- Caravan alarm system, providing interior, anti-lift and trailer socket protection
- Supplied with 2 x two button radio keys, 1 coded touch key, a battery back-up and high power siren
- PIN code override

## Security Features -

- 2 x two button radio keys (programmable, water and shock resistant with random 66-bit encryption to prevent scanning and code grabbing. Lost or stolen radio keys can be programmed out)
- 1 x touch key override (coded touch key, programmable, water shock resistant, lost or stolen touch keys can be programmed out)
- Secure PIN code override, allows coding of radio keys and touch keys by entering the correct PIN Code
- Interior protection provided by an infra-red sensor
- Battery back-up protection up to 14 days on a fully charged battery
- Trailer socket protection, if the trailer socket is connected/disconnected the alarm if armed, will trigger
- Anti-lift detection prevents the raising of the protected caravan steady leg if the alarm is armed, will trigger the alarm system
- **Optional** GSM pager alerts the owner of the caravan of any alarm conditions that occur, with a text message to the owner's mobile phone. The GSM pager also has the ability to locate the caravan, should it be stolen, through a web based tracking service (a subscription is required for this facility)
- **Optional** closed loop protection circuit (looped wire to protect accessories, trailers, bike racks etc)
- **Optional nightguard pack** provides door protection via a magnetic door contact, this allows perimeter protection when the infra-red sensor is disabled

## Convenience Features -

- Radio key operated
- Awning light illumination on disarming the alarm system
- Battery back-up battery powers the alarm system for up to 14 days, if the leisure battery is disconnected
- Infra-red sensor can be disabled for one armed period, allowing the alarm to be armed whilst still occupied
- Secure ignition PIN override
- Panic facility via the radio key

## Personal Safety Features -

- Panic facility via the radio key

## SCA- VANSAFE Box Contents -

Qty	Description
1	SCA-VANSAFE alarm ECU
